*NOTE: Please be aware of high rental prices all over Munich and especially for very central locations. Usual price for a single room in the city centre with kitchenette and bathroom can range from 900€ to 1500€ per month, while a 3-room apartment in the city centre can cost from 1800€ to 3000€. The rental fees for apartments that are still located in the inner city area but which are further away from the historic downtown (such as Ramersdorf-Perlach, Aubing or Unterföhring) are more affordable. Housing prices in the suburban areas or the greater metropolitan region are also much more affordable. These areas are still very well connected by public transportation; the city centre and the HM campuses can usually be reached within 30 minutes travel (a map of the suburban and underground network can be found [here](#)). The price for a one bedroom apartment outside of the city centre ranges from 650€ to 1200€ and for a 3-room apartment can be from 1400€ to 2100€. Please be aware of other charges, e.g. a commission fee or a security deposit that may have to be paid in addition. In Germany, it is common to indicate the monthly rent as so-called “Kaltmiete” which means that utility costs (“Nebenkosten /NK”) are not included in this price yet. The final monthly rent is called “Warmmiete”. We recommend to arrive about one week prior to the start of the lectures to deal with administrative matters.*

## **Real estate portals**

*The majority of flats offered on real estate portals is not furnished. UNFURNISHED apartments are about 100-200€ cheaper (per month) than furnished ones (“möbliert”). Furnished apartments are more seldom. Please keep this in mind! Also, most of the apartments offered here will require the payment of a realtor commission (2, 3 monthly rates).*
