

Courses in English Course Description

Department	10 Business Administration
Course title	Entrepreneurship
Hours per week (SWS)	4
Number of ECTS credits	5
Course objective	The students are enabled to understand entrepreneurship in different operational practices in the context of concrete and / or real-world projects. The topic is studied with regard to enterprise creation (entrepreneurship) as well as the development of businesses in established firms (intrapreneurship). With a strong practical element, the essential learning objective of the course is to deepen the knowledge acquired to date. The students get the opportunity to select a topic of study according to their orientation and their interests from a fixed range of options in the field of entrepreneurship.
