Courses in English
Course Description

Department	01 Architecture
Course title	Advanced Architectural Design Studio
Hours per week (SWS)	8
Number of ECTS credits	15
Course objective	The students are able to independently convert a highly complex, architectural question into a holistic architectural design within a limited time. In doing so, they are enabled to integrate artistic-aesthetic, cultural-social and technical-scientific aspects into the design. They will learn to search for innovative solutions in a creative and experimental way and to optimize the design through critical reflection and their own judgment.
Prerequisites	Inclination to holistic thinking in larger contexts, willingness for abstract discussion and conceptual design.
Recommended reading	The references in literature and for research are related to the topics and announced at the beginning of the semester.
Teaching methods	Seminar
Assessment methods	varying proof of performance
Language of instruction	English
Name of lecturer	several
Email	architektur@hm.edu
Link	https://ar.hm.edu/studierende/masterstudiengang/lehrangebot/sommersemester_1/26_sommersemester_master_uebersicht.de.html
Course content	The development of design solutions is practiced on concrete, architectural tasks, including knowledge of diverse interrelationships in artistic, technical, ecological and social terms. The integration of different compulsory elective modules and interdisciplinary modules allows students to set different priorities that support the development of their own personality structure within the framework of the project work.
Remarks	none
