

# Call for Papers

Applied Research Conference  
3<sup>rd</sup> July 2026

## Scope

We are pleased to announce that the 15<sup>th</sup> annual Applied Research Conference 2026 (ARC 2026) will take place on July 3<sup>rd</sup> at Munich University of Applied Sciences (HM).

Students of the Bavarian Research Master education programme from all technical disciplines are invited to attend and present papers related to their research master project.

Our goal is to highlight the importance of research on the Bavarian Universities of Applied Sciences involved.

The conference will comprise:

- Keynote
- Parallel Paper Sessions
- Poster Session

## Important

With the submission of their final paper, authors grant the non-exclusive right for publication in the conference proceedings to the organising committee.

## Keynote speaker

Dr. Ralf Stroph, BMW Group

## Paper sessions

The paper presentations of students in their 2<sup>nd</sup> and 3<sup>rd</sup> Master's semester will be arranged into parallel technical sessions, to enable participants from different fields to engage in cross-disciplinary discussions:

- Mechanical Engineering
- Data Sciences
- Logistics and Production
- Machine Learning
- Materials Science
- Measurement Technology
- Power Engineering
- Robotics
- Software Engineering and Communications

## Poster session

Students in their 1<sup>st</sup> Master's semester will present their research in a poster session.

## Info for students

Communication and submission of papers will take place via the Moodle course "Applied Research Conference", hosted by OTH Amberg-Weiden:

<https://link.hm.edu/goqq>

## Important dates

### Start online registration

- 1<sup>st</sup> May 2026

### Submission deadline for abstract (1st semester students)

- 3<sup>rd</sup> June 2026

### Submission deadline for final paper (2nd and 3rd semester students)

- 3<sup>rd</sup> June 2026

### Conference date

- 3<sup>rd</sup> July 2026

## Conference chair

Prof. Dr.-Ing. Alexander Knoll
