

AMAZING
MARVELS
OF TOMORROW

FLYING SAUCERS FOR EVERYBODY!

*Within ten years you may
be commuting by plastic saucer,
flying from your backyard.*

By Frank Tinsley

SAUCER rises vertically, flies conventionally.

Fit for the Future:
An Architectural Exploration.

Course Project :

You will develop your own unique solution for existing buildings to ensure that they remain fit for the future. This can range from designing a drone landing port for on-line deliveries or developing a taxi station for the next trip with a flying taxi.

Instruction language:
English

Meetings and introduction :

DO: 23.03.2023 @ 14:00 Uhr R.413
