

Project Management Registration Procedure Winter 2024/25

First lecture on Oct. 8. The Project Management (PM) course requires a special registration procedure. You can maximize your chances to get in by forming teams of three in advance. Complete teams will be accepted with priority. There will be an upper limit of 30 participants, i.e. 10 teams of three people each. If more than 10 complete teams register, a draw (Verlosung) will be made.

If you are interested in the course, please join your Masters program's informational session on Tuesday, Oct. 1, 5pm at HM. I will visit all four sessions (MEM, MNM, POM, BBM) and provide you with information on my course. Attending these sessions can also help you forming teams.

Send your teams application via email to torsten.mahnke@hm.edu before Friday Oct. 4 at 8am. Use the following **format for the subject line** in your email: **PM Reg lastname_1 lastname_2 lastname_3**. Include in your email all team member's complete names, HM email addresses and study programs.
