International Management Certificate

About the Certificate

The International Management Certificate aims to promote management know-how together with intercultural experiences and competences.

Advantages and Added Value

- Preparation for the global labour market
- Development of specialized knowledge in the field of international management
- Promotion of global perspectives and intercultural experiences and competences
- Improvement of management specific terminology in English
- The certificate is free of charge

Time Frame

There is no time limit to complete the required amount of 25 ECTS. Students can take as many semesters as needed, provided they are enrolled at Munich University of Applied Sciences.

Target Group

The university certificate addresses Bachelor and Master students belonging to any department at Munich University of Applied Sciences.

It is also open to international exchange and degree-seeking students.

Requirements

You should make sure that you

- fulfil the relevant requirements for the specific module
- register via email with a list of the courses you choose to take
- register for the examinations correctly and on time
- successfully complete five courses (25 ECTS) from the module catalogue published each semester

Further information can be found on the Courses in English website, the International Relations Office in the Department of Business Administration and in the applicable study and examination regulations.
